5:45 PM  **GraybaR.** "LOW VOLTAGE" LED PoE LIGHTING

Nathan Coppola | Business Development Manager, Lighting Controls

Buildings and Homes are becoming adaptive for Power over Ethernet PoE to control and "POWER" a myriad of intelligent devices, including Lighting (LED) lights. Now Building Manager, Architects, Telecom/IT/MSP solution providers need to understand when and how to incorporate all the IoT available solutions that can or will be Power-over-Ethernet dependent.

Nathan, will share the benefits of Graybar's new location as well as ways to work with Graybar that will best enable us to design and implement new solutions.

6:00 PM  **Blacksquare Technologies** **If it's important, encrypt it™**
Robert Fleming, President — Ray Underell, Channel/Reseller Coordinator

BKSQ will present a secure and affordable **revenue generating** solution to encrypt, manage and protect digital information for consumers, SMBs and B2B clients • BKSQ offers a **Reseller Program** for all motivated technology related sales professionals, with opportunities for **annual residuals**.

This is a great opportunity for individuals or companies to sell a guaranteed, secure and affordable solution for your client's digital information requirements.
